2/20/04, no response; review 2003

Dear Ms. Dornfeld:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2002 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors and also to identify significant fluctuations from prior years' data that are not sufficiently explained in the annual report. The analytical review did identify the following issue:

On Page W-4, \$19,570 is reported in Account 474 described as miscellaneous service revenue. Please explain who paid this amount and what it was paid for. Also explain what tariff this amount was charged under.

Responding to the questions posed from the analytical review does not preclude you from possibly receiving other inquiries from our office regarding your annual report in the future: for instance, during a rate case, construction authorization, or other Commission reviews.

We appreciate your cooperation in providing the above information. If you have any questions, please feel free to contact me at (608) 266-3768. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so. My e-mail address is [elaine.engelke@psc.state.wi.us](mailto:elaine.engelke@psc.state.wi.us). If we have no questions regarding your response, you can consider the review closed.

Sincerely,

Elaine Engelke

### Water Operation & Maintenance Expenses (Page W-05)

Increase in supplies and expenses in 2002 include costs for washing the water tower for \$2,800.

Decrease in fuel or power purchased for pumping in 2002 is due to decreased usage compared to prior year.
